

MHDO Key Project Status – May 2nd, 2013

Project is in critical status. Factors beyond MHDO regulatory control effect project delivery schedule.

Project is underway. MHDO (and partners, where appropriate) has developed work plan to process backlog and return to normal data schedule.

Project is up to date and operating under normal data schedule.

Status	Project	Project Component	Backlog	Estimated Release Date	Notes
	Hospital Encounter Data	Inpatient	2010 2011	May 13, 2013	Staff working with CDC on final 2010 extract validation (this work should also validate the majority of the 2011 extract). Agency has determined that 2010 and 2011 inpatient data were released with issues identified by CDC. Agency will communicate known issue list to all recipients to determine if recipients want replacement data sets or updates to original data sets.
	Hospital Encounter Data	Outpatient	2011	May 13, 2013	2010 released 2011 to be released May 13th. Missing approx. 7% of total encounters from provider based clinics. To the extent missing data become available, Agency will release supplemental files.
