Data Request Process

Submit requests containing the following information to MHDO:

1. Name and address of the person and/or company requesting the data;
2. Name of entity with controlling interest over data requester (if applicable);
3. Description of the data or other information sought (please be specific);
4. The media on which the data is to be delivered;
5. The purpose for which the data will be used (please be specific);
6. If the requesting party intends to display any of the data on the Internet, the request must indicate this and provide detailed information;
7. Whether or not an internal review board is to be utilized; and
8. Whether your organization is for profit or non-profit.
9. Custodian of the data;
10. The ultimate recipient or user of the data;
11. The term during which the research will be conducted; and

If the MHDO determines that the request requires data that are "practitioner identifiable," the MHDO Executive Director shall establish a data advisory committee composed of two members of the MHDO Board, two members of the Maine Health Data Processing Board, a representative from the Maine Quality Forum, and representatives from the Maine based practitioner professional associations and/or affiliated medical specialty organizations associated with the potentially impacted practitioners to assist with the review of the data request. Additional information may be requested based on this review.

Notes:

- A data request summary form and cost estimate are provided to the data requester for approval prior to processing the data request;
- The MHDO Confidentiality Agreement must be signed by the data requester prior to the release of data;
- Rule Chapter 120: Release of Data to the Public and Chapter 125: Health Care Information That Directly Identifies an Individual, govern the requests for and releases of data by the MHDO
- **Assessed Entity.** Means a health care provider, health insurance entity, third-party administrator, or retail store drug outlet, as defined by the Maine Health Data Organization Determination of Assessments Rule (90-590 C.M.R. Chapter 10) in effect at the time of the data request that has paid assessments to the MHDO for a minimum of two consecutive fiscal years.
- **Commercial Entity.** A "commercial entity" means a for-profit business or organization that purchases MHDO data or information for resale in any form.
- **Educational Entity.** An "educational entity" means any public or private elementary or secondary school, and any public or private post-secondary institution.
- **Redistributor.** A "redistributor" means any commercial entity, assessed entity, or non-profit entity that purchases MHDO data for inclusion in a larger composite database that is publicly released.
