

Maine State Innovation Model (SIM) Initiative - **DRAFT**

Our Mission

The Maine SIM initiative, through a collaborative process, will align and accelerate statewide innovations designed to improve health and health care and reduce health care costs for the people of Maine

Our Vision

Working together to drive innovations that transform health and health care to make Maine the healthiest state in the nation

Our Strategy

We will achieve this vision by leading and aligning efforts to transform health care delivery and payment using the following primary innovations:

Primary Innovations

Strengthen Primary Care	Integrate Physical & Behavioral Health Care	Develop New Workforce Models	Develop New Payment Models	Centralize Data & Analysis	Engage People & Communities
<ul style="list-style-type: none"> •Expand access to Patient Centered Medical Home (PCMH) / Health Home (HH) models •Provide quality improvement support, recognition & rewards to PCMH/HH practices •Provide leadership development for providers 	<ul style="list-style-type: none"> •Provide learning collaborative & technical assistance to help BH organizations move to Health Homes model, and to improve integration of physical and BH •Provide resources & assistance to BH providers for health information technology and interoperability •Develop BH quality measures 	<ul style="list-style-type: none"> •Develop Community Health Worker pilot in 5 communities •Develop Diabetes Prevention Program •Provide training for PCMH/HH practices to improve care for developmental disabilities •Align Long Term Care with PCMH/HH models •Improve care transitions 	<ul style="list-style-type: none"> •Support development of Accountable Community Organizations (ACOs) •Offer ACOs peer-to-peer learning •Develop common quality measures •Engage employers, payers, and consumers •Develop value-based insurance & benefit design 	<ul style="list-style-type: none"> •Support development & use of common quality & cost measures •Support the development of standard cost & quality reporting 	<ul style="list-style-type: none"> •Engage patients and families as active participants in their care •Conduct consumer engagement campaign, with special focus on MaineCare members •Promote Shared Decision Making, tools including Choosing Wisely •Measure & publicly report patient experience

Goals by 2017

The total cost of care per member per month in Maine will fall to the national average
 Maine will improve the health of its population in at least four categories of disease prevalence (ie diabetes, mental health, obesity, etc)
 Maine will improve targeted practice patient experience scores by 2% from baseline for practices that participated in the 2012 survey
 Maine will increase from 50% to 66% the number of practices reporting on patient experience of care
