**Subject:** MHDO Data Request Portal Update

Dear Data Users,

The MHDO data request portal will be shut down starting at 5pm January 13, 2023 in order for updates to be made to the data request form. We expect the update to be completed by Tuesday, January 17<sup>th</sup>. As part of the update we have added to the data request form the newly available data elements and support tables, including:

- Race & Ethnicity
- MHDO De-Identified Person Directory and
- MHDO Provider Directory
- Integrated MHDO data sets with data from the cancer registry and vital statistics

We hope you find that the data request form is more user friendly and provides the clarity that was asked for in the feedback received from our data users. We always welcome and encourage your feedback to help us improve the data request process.

Regards,
