About the Meeting

The charge of the MHDO Consumer Advisory Group is to give input and guidance to the Maine Health Data Organization on its efforts to provide and integrate comprehensive and useful health care cost and quality data through its publically accessible venue for Maine people. Over the course of several months we are focusing primarily on providing input for an updated version of MHDO's HealthCost website, to be known as CompareMaine.

To ensure an effective and efficient process that respects participants' time and offers opportunities for everyone's perspective to be heard, our meetings are professionally facilitated by Craig Freshley, with help from Trace Salter and Kerri Sands, of Good Group Decisions in Brunswick.

Please arrive early for light breakfast and then a prompt 9:00am start.
